

LEAPS is a preparatory program for college, vocational school, or military bound high school seniors who want a head start on the next exciting phase of their lives. We help our students identify their goals, navigate the college admissions process from start to finish, and learn valuable life skills that are typically not taught in the public school system. Through group classes, hands-on skill building and one-on-one time with a certified Life Coach we prepare our students to thrive in their first years away from home.

Help set your child on the path to SUCCESS!

Program Cost: \$150*

(This enrollment fee covers a portion of the group classes, materials and required text)

*Need-based scholarships available
